“Seeking comfort for common areas, Bliss was designed with an awareness of aesthetic value in the armchair in every aspect; and it will be a complementary to innovative offices with its modern and dynamic details.”

Its half-circular form offers a wide sitting area to the user, while its soft and curvy inner surface maximizes comfort. Its corners plumped up from the back, and the leather shell structure that caresses the backrest and body from behind allow the user to become integrated into the sitting area, giving a sense of belonging.

Designed to complement the new generation modern workspaces, Bliss product family brings in the comfort and style of a home to the workspaces with its coffee tables comprising of glass, leather and melamine structured on wood and metal foot alternatives, as well as the felt upholstery options.
